Shipley Art Gallery

Year 6 enjoyed a fantastic trip to the Shipley Art Gallery in Gateshead. While we were there, we applied our understanding of art and science to make a textile bracelet with a circuit sewn in. When our bracelets were fastened up, the circuit was complete and an LED light lit up. We then got the chance to decorate our textile

cuffs with different beads and fabrics. It was quite challenging with some tricky parts but everyone showed great resilience (even the staff) and we were all successful by the end of the day.

Willow Work

This week Year 6 spent some time working with an artist to begin our sculpture for outdoors in our woodland. We are using willow to make fish which will become part of a wave near the stream. The willow wasn't the easiest material to work with but, once we had made a start, it became easier. We really enjoyed our session and can't wait to do this again.
