Year 6 enjoyed their trip to Safety Works! They learned about a range of different types of safety from staying safe around water to dealing with a fire at home to practising crossing roads safely. It was a very useful visit which gave the children some great tips and advice they can use in the future.

Year 4 have started a new topic in science called 'States of Matter'. We have been investigating solids, liquids and gases and sorted objects into each category. To finish and check our understanding, we went outside and demonstrated the particle arrangement of a solid, a liquid and a gas. They were fantastic!

Year 6 have thoroughly enjoyed their bread making unit in DT. Here they are making their final products. Everyone worked very hard but one group learned a valuable lesson about what happens when you put too much yeast in the dough!

Happy Birthday to the children who have had Birthdays last week, this & next:
