Sports Day

We are so excited to welcome parents to our annual sports days. The dates are:

- Wednesday 6th July for Y1-Y6 (gates open at 1.20)
- Friday 8th July for children in EYFS (gates open 9.20am)

Children must come into school in their PE kits on this day and ensure they have sun cream applied. Parents will enter the field via the field gate and children will already be seated with their class. They will move around the stations completing each race. For the safety of all children parents must stay in their designated areas and children will remain with their class at all times. You will be able to move alongside your child's class but please stay in the parent zone. Your child will have their school water bottle, please do not bring drinks for them. Children will return to school and be dismissed via their normal exit point. We cannot wait for an afternoon of sporting fun and hope you will join us for this fantastic event. Of course, there will be a parent race so bring your best trainers.

Derwent Hill

We have 5 remaining places for our Derwent Hill visit in October. If your child is interested please contact the school office for more information. The cost is £288.00.

Year 5 parents/carers

Just a reminder that there is a meeting being held in the school hall with Miss Abernethy on Monday 4th July at 2:15pm to talk about your child's move into year 6 next year. It would be great to see as many of you there as possible.

FROM ALL OF THE STAFF AND PUPILS AT HYLTON CASTLE PRIMARY SCHOOL

Year 6

Year 6 had a fantastic time at the Head of Steam Railway Museum in Darlington. They got the chance to explore all of the different types of bridges on display in the museum first then were set a challenge of building a bridge which could hold up to 6kg. It was a tense moment when they were being tested! On the afternoon, they became forensic detectives to identify which of the 6 suspects owned the suitcase that had been handed to the museum. They applied their skills as detectives to complete bug analysis, fingerprinting and chromatography. We were also very proud to be told by museum staff that a member of the public had commented on the excellent behaviour of our children.

Nursery

In nursery we have been looking at patterns in nature and we found swirls on a snails shell. We decided it might look really good if we made swirly pizza on the fire pit to match the patterns we found. We made them in the class using cheese and pepperoni. They were delicious.

Performance Time

This week our violinists gave a performance to the whole school. Due to COVID, it has been such a long time since we have been able to do this, but they were fantastic! Well done!
